

Hermiston Ed. Foundation Grant Recipients

Fall - 2003

1. Bioinformatics: 21st Century Classroom

The bioinformatics project involves using cutting edge science of understanding the information entailed in the DNA sequence of plant and animal genomes and proteomics.

Teacher: Michelle Hansen
School: Hermiston High School

2. Non Fiction Materials for Accelerated Reader Program

Non Fiction books will provide a wider range of options for students who have a high interest in science and other subjects, not typically covered, in fiction works.

Teacher: Heather Sherman
School: Sunset Elementary

3. Enhancing Literature

Desert View's library is fairly new and more books are needed for students to continue their Accelerated Reading activities.

Teacher: Lorrie Wade
School: Desert View Elementary

4. Preparing to Learn Through Wellness

Funds were used to provide materials for the staff and students to enhance the school's wellness program.

Teacher : Shelly Olson
School : Sunset Elementary

5. CLEAN SWEEP

Caves, Lakes, Enchanted forests, Adventure, Nature, Shakespeare and Wildlife Equals Experimental Pedagogy

Clean Sweep is an end of the year learning experience for alternative school students. Hermiston Ed. Foundation provided monies for admission tickets.

Teacher : Joseph Thornton
Marilyn Evans
School : Hermiston High School

6. Bringing Desert View Music Dept. Up to Date

Funds from the foundation will be used to purchase instruments, printed music, CD's and a floor staff .

Teacher : Kathy Turner
School : Desert View

7. Accelerated Reader Books for Advanced Readers

Higher level reading students need to have access to books at challenging levels to improve their reading skills.

Teacher : Kristi Smalley
School : Highland Hills Elementary

8. Up Date of West Park Music Dept.

Hermiston Ed. Foundation funds were used to purchase a new tape player and materials for the music department at West Park School.

Teacher : Kathy Turner
School : West Park Elementary
